AbilityWorks, INC. LINCS

Linking

Innovative

Networks of

Community

Services

AbilityWorks LINCS

Business and industry have changed a great deal over the past five decades, and so has AbilityWorks, Inc. AbilityWorks has introduced a new program, Linking Innovative Networks of Community Services (LINCS), which provides flexible short-term and long-term resources to a wide spectrum of Mississippi businesses and industries.

LINCS joins client abilities with employer opportunities. If AbilityWorks is unable to provide vocational evaluation or job readiness for a specific job, LINCS provides the solution. LINCS allows AbilityWorks to secure a cooperative agreement with a business in the community to provide the evaluation, job readiness or job tryout for our clients.

LINCS is not only providing a needed service for the client, but also providing business/industry with needed manpower at a reduced or no cost labor option.

Employer Benefits:

- Finding the right person for the job
- LINCS pays the client's salary and covers cost of Workers' Compensation
- Reducing the need to hire seasonal or temporary workers
- Receiving AbilityWorks staff support throughout the training experience

Client Benefits:

- The opportunity for personal growth
- The opportunity for skill development
- Learning the value of contribution to the overall operation of your company
- Gaining knowledge in a chosen vocational goal
- Real work experience in the community
